

Sipe Gyalmo Protection Prayer

mantra **OM A BHI YA NAG PO BED SOD SO HA**

In this time of epidemic...

make many, many recitations – recite as many and often as possible.

And recite the following prayer at the beginning and occasionally during practice.

You are the incomparably powerful mother, Sipe Gyalmo!

**You are the remover and purifier of all obscurations
of all sentient beings in the three realms.**

You purify the suffering of the three existences.

You are the Queen, the subduer of existences.

We offer to you these wrathful mantras.

**This offering is together with the wisdom
of the non-focusing Natural State.**

**We ask you for the complete blessing
of your Nature of Mind and Knowledge.**

**Whatever we do to help sentient beings,
may everything be perfected and completed.**
